WASHINGTON, May 21, 1869.

REPORT ON PACIFIC RAILROAD.

The Commissioners to examine the Central Pacific and Union Pacific Railroads, consisting of Major General Warren J. Blickensderfer, Lieutenant Colonel R. S. Williamson and J. G. Clements have completed their report and the Commission has been dissolved. From what can be ascertained of the report they estimate that at the date of their examination, in February last, an expenditure of $2,800,000 would be required to bring the Central Road up to a first-class road, and equip it for through business with rolling stock, depot, machine shops, engine houses, &c. Two of the Commissioners, Warren and Blickensderfer, also think an expenditure of $1,600,000 is required to improve its location. Williamson and Clements report the road has been built on the location approved by the Government, and is suitable to all the service that will at present be required. Accompanying that report is evidence showing that since the examination by the Commissioners the Central Pacific Railroad Company has purchased rolling stock, machinery, iron, &c., to the amount of $14,500,000, the greater portion of which has already been placed on or is now in transit to the road. The remainder was being delivered from day to day upon the Union Pacific Railroad. They report that at the time of their examination the sum of $6,700,000 was necessary to complete and equip the one thousand and thirty-five miles according to the first-class standard, since which time the Company has been constantly at work completing the road and placing on it the material necessary to fully equip the same according to the requirements of the law. The report states that the haste in which the roads have been constructed has resulted in defects of location and construction which must be remedied to bring the roads to the standard of efficiency required by law. No action has yet been taken by the Executive on the report.

EIGHT HOUR LAW.

A proclamation relating to the proper observance of the eight hour law has been prepared and will be issued from the Department of State. It substantially provides that the pay for eight hours work shall be the same as for ten in all the government establishments, in accordance with the law of Congress.

The following is the proclamation:

By the President of the United States of America. A Proclamation: Whereas, the act of Congress, approved June 25th, 1868, constituted on and after that day eight hours a day's work for all laborers, workmen and mechanics employed by or on behalf of the Government of the United States, and repealed all acts and parts of acts inconsistent therewith, now, therefore, I, U. S. Grant, President of the United States, do hereby direct that from and after this date no reduction shall be made in the wages paid by the Government by the day to such laborers, workmen and mechanics, on account of such reduction of the hours of labor.

In testimony whereof I have hereto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, the 19th day of May, in the year of our Lord 1869, and of the independence of the United States the ninety-third. U. S. GRANT.

HAMILTON FISH, Secretary of State.

INDIAN SUPERINTENDENTS.

Commissioner Indian Affairs Parker has made the following assignments of army officers, detailed to execute the duties of Indian Superintendents: Col. D. E. L. Floyd, for Idaho; Brevet Brig. Gen. A. Sully, for Montana: Brevet Maj. Gen. Jno. B. McIntosh, for Colorado; Brevet Col. E. M. Hudson, for Oregon; Brevet Col. Samuel Ross, for Washington Territory. A large number of agents have also been assigned.

HAYTIEN MINISTER.

E. D. Bassett, Minister to Hayti, rec'd his instructions from the Department of State to-day and took leave of the President. The rumor prevalent here of the alleged repugnance of the Haytien Government to the appointment of a colored Minister is authoritatively denied. On the contrary, the appointment is declared to be received by the Haytiens as a high compliment to the colored race.

NATIONAL BANKS.

The abstract of all National Banks, more than six hundred, show an aggregate of resources and liabilities of $1,516,304,000, including loans and discounts, $659,000,000; specie, nearly $8,500,000; legal tender notes, $80,500,000; three per cent. certificates, $51,000,000. The capital stock is now $200,000,000.

NEW TRIAL GRANTED.

Leonard Huyck, President of the late Merchants' Bank, who was convicted in the Criminal Court of the larceny of $13,000 worth of bonds, and sentenced to three years imprisonment in the penitentiary, has been granted a new trial by the Court in its general term.

THE LUTHERAN SYNOD,

now in session here, has appointed Rev. Dr. Butler, Chaplain of the House of Representatives, as delegate to the General Assembly of the United Presbyterian Church, and Rev. Dr. Stuckenberg, of Pittsburgh, as alternate.

UNION LEAGUE SESSION.

An adjourned session of the National Executive Committee of the Union League of America will convene at the St. Nicholas Hotel, in New York, on the 26th inst.

COLORED MAGISTRATE.

The Board of Police Commissioners have appointed a colored man a Police Magistrate, the first of the African race in the District of Columbia.

—The following dispatch from Mr. Vincent Collyer, who was reported captured by the Indians with a detachment of soldiers of Co. E, Lieut. Jacobs, acting as his escort, has been received in New York:

Los Vegas, New Mexico, May 20.—We arrived at Fort Bascom all well, walking across the staked plains, four hundred and thirty-five miles, in thirty-one days, resting on Sundays. The Indians met us with much hospitality. I leave for the Navajos and Apache country to-morrow.

CUBA.

Probable Success of the Cubans—Valmaseda's Proclamation Being Carried Out—Circular from President Cespedes, &c., &c.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 21.—The *Herald* states that Mr. La Reintrie, late Vice Consul at Havana, had an interview with the President on Cuban affairs. He has been frequently in the interior of the Island, and says the Cubans will certainly succeed, as their policy of harassing the Spaniards by evading decisive engagements was proving very effective.

The side-wheel blockade runner Salvador, which escaped some time ago from Key West, was at Nassau on the 10th inst. She has encountered but little litigation there, and seems to be taking on Cuban men, arms and munitions under the open eyes of the British officials, without any interference.

Representations from a Consular Agent who has resided in Cuba for the last fifteen months, places the Cubans largely in the advantage, and he is of the opinion that the insurgents will eventually succeed. His reason for so believing are that the mode of warfare adopted by the insurgents, that of not giving open battle in the field, but by detachments and bands, will greatly harass the Spanish troops and eventually bring them to terms.

The provisions of the brutal proclamation of Valmaseda are being carried out with terrible severity, and long lists of brutalities are being constantly reported. Six women, one child and one editor were recently put to death in one day.

The ram Atlanta, at Philadelphia, has been sold to the St. Domingo Government, not to the Cuban.

A circular from President Cespedes, of Cuba, says the union of the free people of Cuba is already an accomplished fact, as throughout the island the Democratic federal republic has been established and the provisional constitution has been ratified. The country has been divided into four departments, called the Eastern, Camaguey, Las Villas, and the Western. The offices necessary for the administration of the government will be filled without delay by gentlemen who inspire confidence.

TENNESSEE.

The Republican State Convention—Another Tumultuous Session—Adjournment Sine Die Without Nominating a Candidate for Governor.

[By Telegraph to the Pittsburgh Gazette.]

NASHVILLE, May 21.—The Republican State Convention met at half-past ten o'clock this morning. As soon as the doors were opened there was a rush for seats, and a race between Cole, Chairman of the Executive Committee, and Pearne, for the chair. The latter got possession and called the Convention to order. Cole did likewise. Some one moved to adjourn *sine die*. Pearne and Cole put the motion simultaneously, and declared it carried. Pearne vacated the chair, when it was immediately taken by R. R. Butler, supporter of Stokes, who called the Convention to order. Again attempts were made to organize, whereupon the noisy and tumultous scenes of yesterday were re-enacted. All business was prevented by boisterous cheering, first by one party and then the other. A number of speeches were made during the intervals of quiet, but they were of a criminating and recriminating character, and made the breach between the two sections wider. Finally, about two o'clock P. M., all were worried out, and another motion to adjourn *sine die* was carried, and the delegates retired without having effected an organization.

The split was on the election of temporary Chairman. The report that Senter intended withdrawing, mentioned yesterday, was without foundation. He is in the hands of his friends, who have called a convention to-night to nominate him. The friends of Stokes have also called a convention to-night. It is probable that there will be two Republican tickets. The opposition, it is reasonably certain, will have no ticket, the policy of that party being neutrality.

Senter and Stokes spoke last night to parties of their supporters. Senter said the day would come when the rebels should be enfranchised, but it was a long way off. Stokes declared in favor of giving the rebels who remained at home and behaved themselves the right of suffrage. Senator Sprague is announced for a speech here on Monday.

NEW YORK CITY.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 21, 1869.

The neutrality laws are to be strictly enforced, and no expeditions supposed to to have arms or recruits for the Cuban insurgents will be allowed to leave the port. The Mahoning, one of the heaviest steam cutters in the service, has been ordered to this port to assist in enforcing the laws.

George B. Davis, on trial for perjury, in connection with the case of Collector Baily, was to-day found guilty and remanded for sentence.

United States Assistant Treasurer, Van Dyck, gives notice that sales of gold will be made on Monday and Thursday of each week. Not more than $2,000,000 per week will be disposed of.

Senator Chandler, of Michigan, and his family sail to-morrow in the City of Brooklyn for Europe.

The *Evening News* states that a broker named Deacon Parmlee, in a Wall street firm, has absconded with shares of stock of the value of $50,000, obtained from R. Wilson, 15 Wall street, by presenting forged checks.

—Secretary Boutwell having issued orders to sell gold to the amount of two millions per week, will follow it up soon by another to buy bonds in sums not less than two millions. There is thirteen millions of currency in the Treasury, only seven of which is required to meet the expenses of the government. The surplus, six millions, will be used towards the reduction of the debt by buying bonds or otherwise.

—Col. L. C. Norvell, of Pass Christian, Miss., has announced himself a candidate for Governor of that State. It is said his record as a Southern Unionist during the war is undoubted. Judge Lewis Dent will accompany Col. Norvell in canvassing the State.

NEWS BY CABLE.

[By Telegraph to the Pittsburgh Gazette.]

GREAT BRITAIN.

LONDON, May 21.—The new duplicate telegraph line to connect London and Valentia was completed this day. It is to be used solely for the transmission of cable business. The two Atlantic cables are in perfect working order. Hereafter one cable will be used exclusively for sending dispatches from Valentia, and the other for receiving. There is no no longer any reason why messages should not be transmitted almost instantaneously between London and New York.

Rev. Alexander Dyce, the eminent Shakesperian commentator and author, died yesterday, aged 71 years.

LONDON, May 21.—Sir Francis Head, formerly Governor General of Canada, has sent a letter to the *Times*, enclosing the correspondence with Secretary Marcy arising out of the Canadian rebellion in 1837. Sir Francis in his letter argues that if the United States was in the wrong at that time, then England has dormant claims for apology and compensation, though they have long been overlooked and forgotten. If the United States was right then, he submits to the good sense and good feeling of the Americans the logical, moral and political impossibility of now refusing a reply for the Queen's neutrality proclamation similar to that which they gave themselves in 1837. He calls attention to the fact that England was the only country in Europe which pledged herself, by proclamation, to remain neutral in the late war, and concludes with a promise to reply in a second letter to Mr. Sumner's complaint of assistance rendered to the Confederates.

Mr. Forster, Vice President of the Council, in an address to his constituents opposed the views put forward by Mr. Sumner in his speech on the Alabama claims. He said the government could not be held responsible for the offensive acts of individuals. It had strained the law in favor of the United States in stopping the rams. England was prepared to pay for the mistake in the case of the Alabama on due arbitration. He considered concession beyond a certain point would be crime, attended by humiliation. He felt assured that war would never occur between England and America.

CORK, May 21.—Mr. Hagarty was to-day elected Mayor of this city, in place of O'Sullivan, resigned. The ex-Mayor was assailed by a mob and threatened with personal violence for supporting the election of Hagarty.

SPAIN.

MADRID, May 21.—In his reply to Senor Castellar's speech, Admiral Tapete declared that he was opposed to the restoration of Queen Isabella. He thought the elevation of Duke Montpenser to the throne was desirable, but said, as a member of the Cabinet, he should strictly subordinate his action to the policy of the Prime Minister and the Minister of War, who with himself and all other members of the Ministry awaited the decision of the Cortes for their guidance. He concluded by advising the Cortes to take care that no daring man cut the knot which they were unable to undo.

Article 32d of the Constitution, declaring all power to emanate from the nation, was adopted by the Cortes to-day by acclamation. Article 33d, declaring the formal government of the nation is the monarchy, was passed after a protracted debate, by a vote of 214 affirmatives to 70 negatives.

LONDON, May 21.—It is rumored in Paris that changes are to be made in the Emperor's Cabinet and all the present Ministers are to be removed except M. Farcade, Durny and Gressier.

PRESBYTERIAN.

The Old School General Assembly—Second Day's Proceedings.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 21.—The Old School General Assembly was called to order at nine o'clock this morniug, for devotional exercises. The religious services having been held, business was resumed.

A commission was received from the New School Assembly, certifying to the appointment of the following named delegates to represent that body in the Old School Assembly: Rev. Dr. William Adams and Wm. E. Dodge.

The Standing Committees were announced by the Moderator.

Committee of Conference with the New School Presbyterian Assembly—Ministers, Rev. Dr. G. W. Musgrave, Rev. Dr. A. G. Hall, Rev. Dr. L. Hatwater, Rev. Dr. Willis Lord, Rev. Dr. H. R. Wilson; Ruling Elders, Robt. Carter, J. C. Grier, Chas. D. Drake, Henry Day, Wm. Francis.

Rev. Dr. Irving, Chairman of a committee appointed by the last Assembly on sympathetic benevolence, presented a report which contained a plan for assessing Synods, these to assess Presbyteries, and they in turn to assess Sessions for all the stated objects of benevolence. This matter was referred to the appropriate standing Committee, and will come up again.

The Reformed (late Dutch) Church sent a certificate of appointments of delegates to this body, viz: Rev. Dr. W. J. R. Taylor, D. D., and Rev. R. Wells.

The delegates from the new Presbytery of Austin, Texas, were, on motion, enrolled and took their seats.

A paper was read by R. R. Rogers, extending a cordial invitation to Elders of this Assembly to meet the Elders of the New School Assembly this evening, in the Church of the Covenant, corner of Park avenue and Thirtieth street, and the Assembly adjourned to half past two o'clock.

At the afternoon session a report was read from the Committee appointed by the Philadelphia Union Convention, with respect to certain rules for the government of the Church, which was referred,

A message from the National Temperance Society, requesting clergymen of all denominations to preach against the evils of intemperance on the last Sabbath of the present year, was referred.

An invitation to visit the forty-fourth annual exhibition of the American Academy of Design, to-morrow, was accepted.

A paper was read from the Board of Education, expressive of thankfulness for the prosperity of the Church and the success which for the past half century has attended their efforts, and recommending the General Assembly take measures for the celebration of the semi-centennial anniversary of the formation of the Board. Tuesday next was decided upon for the celebration, to take place in the Brick Church, and Rev. Drs. McGill, Lord, Bedell and McCosh are to be requested to deliver addresses on the occasion.

The additional articles of faith, reported by a Committee of the Convention which met in Philadelphia, were referred to the Committee on Overtures.

It was announced that a meeting will be held Sunday evening, in behalf of City Evangelization, in Dr. Wm. Adams' Church.

Rev. Dr. Murry read a list of about forty pastors who preach on Sunday in various churches in the city.

Adjourned.

The New School Assembly.

The New School Assembly reassembled at past eight o'clock this morning, and spent an hour in devotional exercises.

At half past nine the Assembly was called to order for business, the new Moderator, Rev. Dr. Fowler, in the chair. The proceedings were opened with prayer, after which the credentials of a large number of delegates, who have arrived since yesterday's session, were presented, and the bearers admitted to seats.

The Moderator announced the Standing Committees, and also the following Special Committees:

On Reunion—Rev. Drs. Wm Adams, Fisher, Patterson, Spears and Shaw; Elders Wm. Strong, Dan'l Haines, Wm. Dodge, J. S. Farrand and John L. Knight.

On Communication of Presbyterian Church in Canada—Rev. Dr. Fisher, Dr. N. G. Hatwell and Rev. Dr. Jas. Bone.

The roll of Synods was then called, when synodical records, statistical reports, narratives and overtures were handed in. Endorsed and filed for future action.

Mr. Walter S. Griffith, Secretary of the Committee on Foreign Missions, read an elaborate report showing the work of the Committee. The full amount contributed during the past year was $108,196; seven hundred and eighty-eight churches made no contributions. The report was referred to the Committee on Foreign Affairs.

Rev. Dr. Patterson called for the report of the Committee on Reunion, which was read by Rev. Dr. Adams. It sets forth the efforts made at the St. Louis Assembly to bring about a reunion, resulting in the appointment of a committee of nine members to meet a similar committee on the part of the New School body, to arrange a basis of reunion. These committees met in March, 1868, and in May presented their report to the respective Assemblies, held at Albany and Harrisburg. The terms were approved and sent to the Presbyteries for their ratification. On adjournment of both bodies, the terms of re-union were ascertained and sent to the Synods for ratification. In January last the Committee on the part of the New School met in this city and prepared an address, which was sent to the Presbyteries, advising further concessions, in order that there might be no obstacle to a speedy reunion of both bodies.

Judge Allison, of Philadelphia, said he did not attend the meeting of the Committee held in this city in January, and as he is a member of the Committee, and for the purpose of historical accuracy, he desired to be placed on the record as voting against some of the propositions in the address to the Presbyteries.

Rev. Dr. Adams said Judge Allison's statement was correct, and read again that part of the report referring to the meeting of the commiitee, to show that it imputed no action to members of the committee, not in attendance.

Rev. Dr. Kendall, Secretary of Foreign Missions, read the report of the committee. The report enlarged upon the opening of new territories, the improvements in transportation, and great influx of immigrants, thus showing the want of increased efforts in behalf of home missions. The statistics read were to the effect that of the immigrants to this country the non-Catholics are in the majority, and the latter are rapidly on the decline as compared with those of the Protestant and Evangelical faith arriving on our shores. Six missionaries have died during the past year; four hundred and sixty have been employed, of which number reports have been received from three hundred and thirty-two; the number of conversions is given at two thousand four hundred; addition to church membership, three thousand seven hundred and forty-five were received on personal application, and one thousand six hundred and forty by letter; seventy-three churches have been formed during the year. The report closes by setting forth the want of more Ministers at the West, and at the same time calling attention to the large number who are unemployed at the East.

Rev. Dr. Hatfield read the report of the Committee on Freedmen, which is a Sub-Committee on Home Missions. The report detailed the organization of the Department immediately after the close of the war. A normal school has been established at Winchester, Va., and schools for children have been established under the direction of Mr. Waring, at Front Royal, Peterboro, Fredericksburg, Va., and other points. The schools opened in Tennessee have been principally in the country towns of the State. The Committee has labored without molestation. Three schools have been opened in Alabama. Three school houses have been destroyed in various parts of the South. All over the South the freedmen were found yearning to learn to read and write, and the Committee has been seriously embarrassed by the want of money and lack of suitable buildings. The Committee has co-operated with the Freedmen's Bureau in the educational work.

Recess till half-past two o'clock.

At the afternoon session the report of the Treasurer of the Home Missionary Society was read by Hon. E. A. Lambert and approved. It showed the receipts during the year to be $174,906.

The report on Education was read by Rev. Dr. Atterbury. The colleges belonging to the church throughout the States are in a flourishing condition. The amount received for the maintenance of schools, colleges and seminaries was $24,029, being four thousand dollars more than last year. The sum was still insufficient to educate the number of aspirants for the ministery. There are many vacancies in the ministry at the west, and applications come daily for additional laborers in the vineyard, besides any number of missionaries can find work on foreign missions. Two hundred and ten candidates for the ministry have been assisted, including seven colored students.

The report of the committee on Publication was read by Rev. J. W. Dulles, of Philadelphia, and approved. It shows much good work has been done, and a balance of $827 in the Treasury.

The Church Action Committee reported having given aid to seventy-nine churches during the year. Receipts from contributions, $57,000.

Monday morning at 10½ o'clock was fixed for the reception of delegates from corresponding bodies.

Adjourned.

MEMPHIS.

The Commercial Convention—Reports of Various Committees—Adjournment.

[By Telegraph to the Pittsburgh Gazette.]

MEMPHIS, May 21.—The Convention opened at the regular hour. Numerous letters and telegrams were received from distinguished persons regretting their inability to be present, and sympathizing with and endorsing the work already done; also, one from General Beauregard stating that delegates to the New Orleans Convention would be passed free both ways over the railroads hence to that city; also the following:

"*New York, May* 20—Our most cordial thanks to friends, and yourself, for the action of the Convention. Our bonds are quoted at the Paris exchange at seventy-nine, gold.

[Signed.] "J. C. FREMONT, for Directors."

The Committee on Direct Trade made an amended report, meeting the objectionable clause discriminating in favor of Norfolk, endorsing the direct trade schemes inaugurated at other Southern ports. The report was unanimously adopted.

The Committee on Finance and Banking reported a resolution that the Convention recommend and urge Congress to so amend the national banking laws as to give the Southern and Western States a fair and equitable proportion of banking capital and circulation, either by redistribution or an increase, as their wisdom may determine. Also the following:

Resolved, That the Convention favor the reduction of the interest on the national debt by means consistent with the faithful discharge of the obligations of the Government to public creditors.

Resolved, That the Convention recommend Legislatures of the various states to repeal all usury laws, or laws which tend to impair the validity of contracts, that capital sinking investment may be rendered more secure.

Which were unanimously adopted.

Various resolutions were offered as amendments but voted down.

Gen. Duff Green read an elaborate memorial on the subject. Referred.

The Standing Committee on Manufacturers and Mining reported in favor of recommending to the Legislatures of the various states to encourage manufactures by the enactment of laws freeing capital invested and mining and manufactures from taxation, thus inviting the world to bring its capital and put it to work to develop our national resources, Congress to exempt from duty machinery for the manufacture of raw material.

On the subject of mining, the Committee asked further time to prepare a report, to be presented to the next Convention. Granted.

Also recommending to the Government the re-establishment of a Bureau of Manufactures and Mining, under the supervision of the Secretary of the Interior.

The Committee on Mississippi River Levees and Improvements made an elaborate report, showing the necessity for the improvements, asking Government aid for removing the bar at the mouth of the river, and protesting against the construction of any more bridges over any navigable stream, unless capable of permitting the passage of the largest steamer at high tides. They also reported on the subject of levees, in favor of asking the early attention of Congress on the subject, and the endorsement of bonds for this purpose, when the Legislatures of States interested shall have provided for the interest on the same; also for a committee to memorial Congress on the subject.

The report was ably supported by Gen. Alcorn, of Mississippi, and Hon. Erastus Wells, of Missouri, showing the paramount interest of improving navigation of the river over all railroads, as it was a highway Vanderbilt, Fisk and all combinations of bulls and bears could not control.

Various resolutions were offered as substitutes, suggesting various methods of leveeing.

The report was adopted, except the portion referring to bridges, which was recommitted.

The Committee on Agriculture and General Business reported in favor of publishing the preliminary report of Commodore Maury on the physical survey of Virginia; also for the appointment of a committee of three from each State to solicit aid for that purpose; also a committee of five to memorialize Congress for aid for plans connecting the various rivers, as suggested by Commodore Maury, and that said committee also collect all statistics on this subject and present them. The report was adopted unanimously.

Also, for the appointment of a Standing Committee of five to memorialize Congress on the subjects endorsed by the Convention but not referred to special committees. Adopted.

Also, for a Committee of five to correspond with the Board of Trade of Manchester, England, on the subject of Cotton culture. Adopted.

Also, that the Convention heartily approve the bulk grain movement recently inaugurated between St. Louis and Liverpool, via New Orleans. Adopted.

The Committee on Railroads reported at great length in favor of pushing forward roads now being constructed; approving the action of the Legislatures of Arkansas and Alabama, granting aid to railroads; also, in favor of leveeing the Mississippi so as to make the levee a road bed; showing the importance of the completion of the various railroads now under construction, and asking Congress to grant the right of way for a railroad from Norfolk, St. Louis and Louisville.

General Featherslane offered an amendment recommending a railroad from Ship Island to Jackson, Mississippi. Adopted.

Also, an amendment asking Congress to abolish the duty on railroad iron. Adopted.

The report was adopted, with the exception of the clause asking Congress to grant the right of way to Norfolk and St. Louis, which was rejected.

The Special Committee on the time and place of the next Convention reported in favor of another Convention at Louisville, Ky., on the 12th of October next; also for a committee of one from each State to prepare by-laws for the Convention, to be reported on at the next meeting, and that the standing committees shall hold over. The report was adopted.

Evening Session.—Several committees provided for in the morning session were announced as follows:

To memorial Cotton Supply Association—Hon. Wm. Sprague, S. S. Davis, Wm. Lamb, W. A. Johnson, F. C. Morehead.

On Direct Special Tax—Gen. Patton, D. E. Butler, E. W. Cole, G. A. Sykes, Wm. Lamb.

A vote of thanks to Commodore Maury, for services on the subject of direct trade, and a resolution allowing Gen. Duff Green to publish his memorial in the records of the Convention, were adopted; also, a resolution requesting Congress to put the telegraph system of the country under the control of the Postmaster General.

A resolution requesting Congress to prohibit the building of any brides on the Mississippi, above the mouth of the Missouri river, of less than one hundred feet span, or on the Ohio, below Pittsburgh, of less than three hundred feet was adopted.

The Committee on Immigration reported at great length, opposing the introduction of immigrants other than Caucassian, but recommending urgent efforts for securing those from whatever country they may come and assuring them of protection; setting forth that the present labor system is wholly inadequate for practical purposes; also showing the great difficulties to be encountered in securing immigrants either for China or Europe, and without recommending any of the many plans already devised to secure immigrants, earnestly recommend that measures be taken to refute the false and slanderous representations in regard to the South, which are circulated throughout Europe, and for this purpose recommend the appointment of agents for that purpose, also for similar purposes at the north, and for landing immigrants at southern ports.

Dr. Noyes, of Louisiana, opposed the report in an able speech and offered an amendment asserting the route via New Orleans is the cheapest and most expedient.

A long discussion ensued on the last resolution, denouncing all who attempt to ostracise those who come for legitimate purposes, on the ground that no such ostracism exists, and a substitute was adopted setting forth that immigrants from whatever point shall enjoy the same privileges as native born citizens.

Other resolutions were adopted, with the usual vote of thanks to officers, press, citizens, &c.

At 10:30 adjourned *sine die*.

Washington Items.

The Democracy of Virginia are sorely disappointed at the refusal of the President to order a separate vote on the county and city organization clause of the State Constitution. Another effort was made to have him change his previous decision, but without avail. He assigns as his reason for his action that the Republicans of the State say that to defeat this particular clause of the Constitution would break up the present school system of the State, and leave room for imposition on the blacks, if the whites felt so disposed. The Virginians proclaimed good intentions, but the action of their brethren in Georgia, when power came into their hands, has not been forgotten, and the President told the Committee who called on him that he would be governed by the old proverb, "A bird in the hand," &c.

The first section of "An act in relation to additional bounties and for other purposes," approved March 3, 1869, reads as follows: "When a soldier's discharge states that he is discharged by reason of expiration of term of service, he shall be held to have completed the full term of his enlistment, and entitled to bounty accordingly."

The second section relates to payments of additional bounty; the third transfers the additional bounty cases from the Paymaster General's office to the Treasury Department, and the fourth makes void claims under the act of July 28th, 1866, unless presented in due form before December 1st, 1869.

There has been more diversity of opinion in reference to the proper construction of the first section than in the case of any bounty law on the statutes. Under laws existing before the passage of this a soldier or sailor was entitled to bounty who had served two years in the army or navy, or who had not served two years, but had been discharged by reason of wounds received in line of duty. The first section of the law above quoted does not mention sailors, but, literally rendered, would give the additional bounty to every soldier who had served in the army, whether three, six, nine or twelve months, if he had not been discharged till the expiration of his term of enlistment.

This so conflicts with all previous laws on the subject as to render its execution impossible, and all payments under it are therefore suspended. If, however, the phrase "and for other purposes," in the title, shall be decided to have repealing force, these payments may be made under the law, independent of any other; and the three months' men will then be as legally entitled to bounty as those who served three years. The Second Comptroller and Second Auditor decline to assume the responsibility of interpreting the intentions of Congress, as set forth in the law, and the Secretary of the Treasury has referred it to the Attorney General for his opinion. Till that is received no payments will be made in any case arising under the provisions of the first section.

Karl Schurz Abroad.

The North German *Correspondent* says: On the 4th of March last a German citizen of the United States, Karl Schurz, was elected by the State of Missouri as one of the two senators who are to represent the State in Washington. This is the first instance in which a German has been intrusted with this high and influential office in the United States of America. In the great cities of the Union, more particularly in New York, the political weight of the German Americans is inconsiderable, neutralized as it is by that of the native Americans on the one side, and of the Irish on the other. In Missouri, German industry and intelligence are better appreciated, the native born American comes more directly in contact with his Teutonic fellow-citizens, and finds in him many qualities from which he cannot withold his esteem. When the civil war broke out, it was the German population of Missouri who were mainly instrumental in retaining the former slave-state in the Union, and who, when their vote was insufficient, shouldered the rifle, and extinguished the embers of secession in their blood. Since that time they have exerted a decisive influence on the legislation of Missouri; they have filled the highest offices, suitable provision has been made in the public schools for the special educational wants of their children, and the German press of Missouri is equally influential with the native American journals. Missiouri, as we have said, is the first State in the Union which has conferred on a German the honorable and responsible dignity of Senator, and the tidings have been welcomed with feeling of joy and pride in every patriotic circle in Germany.

DR. WHITTIER
CONTINUES TO TREAT ALL private diseases. Syphilis in all its forms, Gonorrhea, Gleet, Stricture, Orchitis, and all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhea or Seminal Weakness and Impotency, resulting from self-abuse or other causes, and which produces some of the following effects, as blotches, bodily weakness, indigestion, consumption, aversion to society, unmanliness, dread of future events, loss of memory, indolence, nocturnal emissions, and finally so prostrating the sexual system as to render marriage unsatisfactory, and therefore imprudent, are permanently cured. Persons afflicted with these or any other delicate, intricate or long standing constitutional complaint should give the Doctor a trial; he never fails.
A particular attention given to all Female complaints, Leucorrhea or Whites, Falling, Inflammation or Ulceration of the Womb, Ovaritis, pruritis, Amenorrhoea, Menorrhagia, Dysmenorrhoea, and Sterility or Barrenness, are treated with the greatest success.
It is self-evident that a physician who confines himself exclusively to the study of a certain class of diseases and treats thousands of cases every year must acquire greater skill in that specialty than one in general practice.
The Doctor publishes a medical pamphlet of fifty pages that gives a full exposition of venereal and private diseases, that can be had free at office or by mail for two stamps, in sealed envelopes. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.
The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own laboratory, under his personal supervision. Medical pamphlets at office free, or by mail for two stamps. No matter who have failed, read what he says. Hours 9 A. M. to 8 P. M. Sundays 12 M. to 2 P. M. Office, No. 9 WYLIE STREET, (near Court House,) Pittsburgh, Pa.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, FRIDAY, May 21, 1869.

The oil market, compared with yesterday, presents but little that is new or important. Notwithstanding there is a want of that stability and solidity which should characterize the trade at this particular season of the year, yet there is evidently a better and more substantial feeling springing up, a determination to do more of a legitimate and less of a speculative business. As we noted the other day, a number of refineries, that have been standing idle for months, have been put in operation again, and it is probable that others will follow within the next few days; it is said that there is now a margin, though a very slight one, for the manufacturer, and it is to be hoped that the discrepancy between Crude and Refined, which has so long prevailed, will soon be properly adjusted. We should like to be able to record the fact before this month closes, that all our refineries had gone into full blast; and we should be glad to report arrivals of some four thousand barrels of Crude daily by the Allegheny Valley, and shipments east of about the same amount of Refined on the Pennsylvania Central, and this we expect to do when business is fairly resumed.

CRUDE.

The Crude market was hardly as strong to-day as it was yesterday though prices are without quotable change. Sale 2,000 bbls seller this month (40@46) at 13¾; 1,000 spot (40@46) at 13¾; 400 spot (42) at 13¾; and 1,000 bbls free on cars at Venango City at $5,30 per bbl—spot. It was reported that there had been a sale effected, at 13¼, but nobody knew who either bought or sold it, and it is probable that no such sale was made.

REFINED.

Also was quiet and rather weak, though, compared with yesterday, without important change. Sale of 1,000 August at 33¼; 500 do at 33¼; 500 each half same month, buyer's option, at 33, and 500 May, at 31¾. June and July is reported as having been offered at 32; July to August, 32 bid; October to December 33¼ bid; and July to September, 33@33¼.

RIVER NEWS.

An incessant rain fell nearly all day yesterday, and judging from present indications, we may expect a good rise in our rivers within the next forty-eight hours. The river was about stationary last evening, with five feet in the channel by Monongahela marks.

There has been no arrivals since the date of our last report, and the Kenton, for Portsmouth, was the only departure.

The Maggie Hays with her barge, Monarch, got over Brunot, and all the other bad places on Thursday without much difficulty, notwithstanding she was drawing nearly all the water.

The Gallatin, Capt; Dan Moore, leaves for Parkersburg to-day, in place of the Grey Eagle. The Eagle will leave as usual on Wednesday next, her regular day; the injury to her machinery was slight, the walking beam of the doctor only being broken, and this can easily be repaired between this and Wednesday.

The Wauanita, Capt. C. A. Dravo, is filling up steadily for St. Louis, and will be the first boat out. She is a good boat.

The Leonidas, Capt. R. Greenlee, is announced for New Orleans, as is also the Matamoras No. 2, Capt. Robert Dalzell.

Several hulls for new boats are expected to arrive here from the boat yards within the next few weeks. At present there is but a single boat here in process of construction, the Matamoras, and she is nearly completed.

—The R. C. Gray and Kate Putnam, were both advertised to leave Cincinnati for Pittsburgh on Thursday.

—The Talequah has laid up at Algiers, opposite to New Orleans, for an indefinite period.

—Red River, at Shreveport, at last accounts, was rising, and fears were entertained of an overflow below. Above the raft it was rising.

—The Submarine No. 13, owned by the St. Louis Wrecking Company, is being stripped and converted into a mountain steamer. Messrs. Bofinger & Symmes will start her out on Monday for Sioux City and beyond. She will carry about 300 tons on three and a half feet of water.

—A passenger named Wilson, from Selma, Indiana, who went to Omaha on the last trip of the Henry S. Turner, paid $1,200 for the fare of himself and family from that point to Sacramento.

—The J. W. Garrett and barges added 1,000 barrels cement at Jeffersonville for St. Louis.

—The new snagboat S. Thayer arrived at Little Rock on the 11th, and would remain there a day or two, then go to Fort Smith to commence cleaning the snags out of the Arkansas river.

From the 10th to the 15th inst. the snagboat J. J. Albert pulled and destroyed fifty-five snags from the mouth of Missouri river up 47 miles. Good work.

—An Evansville exchange of Tuesday says: Mr. Adams, of Wheeling, father of Milo Adams, Steward of the Messenger, died on board that boat yesterday, near Tell City. A metalic coffin was procured there, and the body placed in it and left here, to be forwarded by rail to Wheeling, West Virginia. He was an estimable old gentleman, some seventy years old, and was on his way to visit his son's farm near Rock Island. He died of rheumatism of the heart.

—Admiral David Gibson and wife departed for California Wednesday night. The Admiral goes West to look after his railroad interests.

—The new boat for the White Collar Line was to have been launched at Paducah, on Saturday.

—The Glasgow, from Pittsburgh, arrived at St. Paul, on Sunday.

—A well-known pilot of the Cincinnati Mail Line was placed in a very embarrassing position in Cincinnati, a few days ago, through the instrumentality of "the fellow that looks like me." In company with a few friends he dropped into a $1 store and was leisurely looking around, when suddenly one of the best-looking clerks rushed from behind the counter, threw herself in his arms, and, calling him by the endearing name of husband, entreated him not to hurt her. He blushed to the tips of his ears and stammered out a denial of the soft impeachment. She reiterated the statement that he was her husband, which he denied in emphatic terms. The scene was painfully embarrassing, and she, to remove all doubts, called for proof, not the orthodox one of a strawberry mark on the left arm, but asked him to raise his hat, which he mechanically did, and she at the sight of his smooth, bald pate fainted away on the floor and he struck a beeline for the boat. He afterwards succeeded in convincing the lady that he was not her long sought husband. But if anybody wishes to get into trouble just ask that pilot to raise his hat.—*Louisville Courier.*

GOLD closed in New York yesterday at 141½.

REV. DR. JACOBUS, of Allegheny, was elected on Wednesday, Moderator of the Old School General Assembly of Presbyterians, now in session at New York. This was a befitting compliment to a gentleman who deservedly occupies a high place among the eminent clergymen of the country.

THE Young Men's Christian Association and a large number of the most influential business firms of Pittsburgh, have united in a congratulatory autograph letter addressed to Mayor BRUSH, and commending in strong terms his course in rigidly enforcing the Sunday laws. There can be no doubt but the authorities have with them the fullest endorsement and sympathy of the religious portion of the community, in their efforts to protect the Sabbath from desecration.

WHERE will the Pittsburgh *Commercial* go? It has bolted from Republicanism, and the Democracy don't want it at all. Their organ, the *Post*, "sincerely hopes" that, "if it dies dead as a Republican mouthpieee, it will not turn a flip-flap and come up a Democratic journal. Our party has doubtless offended, but grievously hath it answered for it. Has it not been sufficiently punished, that this new affliction must be added." This is bad for our *Commercial* traveller. Repudiated by the Republicans, rejected by the Democrats, a trip to Greensburg would not do any good now, and there is nothing left for it but to join the new SPRAGUE party. That Senator has money, and wants recruits. It is the right opening for the *Commercial*.

THE MEETING of the members of the Associated Press, at Cincinnati, was brought to a close on Thursday afternoon, after a harmonious and pleasant session. Nearly all of the prominent journals embraced in the Association were represented. The local Press Club of Cincinnati were conspicuously attentive to their guests and contributed largely towards making the visit one of pleasure and enjoyment. After the transaction of important business, having in view an improvement in news facilities, the visitors were taken in carriages to various points of interest, including the beautiful Spring Grove Cemetery, the private art gallery of Mr. PROBASCO, the retired millionaire, which is among the finest in America, and finally to the elegant residence of Mr. RICHARD SMITH, of the GAZETTE, where they were "wined and dined" in a good old fashioned manner. Messrs. HALSTEAD, SMITH, FRANCISCUS, M'CULLAGH and others of the Cincinnati press, know full well how to show off their great and growing city to advantage, and if the hospitality of the whole people can be measured by theirs, we are prepared to award the Queen City precedence in that direction over her many western rivals.

TWO WEEKS SINCE, the *Leader*, a Sunday print of this city, edited by a well-known Democrat, promised for its next issue an exposition of affairs in the office of the County Commissioners. The promise was not kept, but the reason was palpable, when its other columns were examined. But the same writer does the political writing for the professedly Republican *Commercial*, also of this city, and published his promised expose in its issue of yesterday. Of course, the substitution of his daily newspaper for his other Sunday print was quite natural. The *Leader* and the *Commercial* are the twin-Dromios of Pittsburgh journalism, the Siamese twins in fact, inseparably connected, beating with one heart, animated by the same impulses, controlled by one and the same brain, and bent upon the same ends. Any severance of the close tie between them would be alike fatal to each. It is no wonder, then, that the sterling Democrat who runs the editorial politics of both, should give them habitually the same flavor, and use them alike for his constant purpose. If the *Leader* omitted its promised publication, because it had been "seen" as it wished, we submit that it was hardly the fair thing toward the customer, to swindle him of his money by making the same assault through the *Commercial*. Either the *Leader* should refund, or the *Commercial* should retract. The old adage runs that there is honor, even among the class to which they are reputed to belong.

—In the meantime, the Pittsburgh *Commercial* puts publicly upon record grave accusations against the Commissioners of this county. These officials stand collectively and individually charged by that journal, under the plainest of inuendos, with accepting bribes in the discharge of their sworn duties. These accusations should be met, promptly and squarely, by those who are concerned.

A WELL-KNOWN citizen evidently refuses to take large stock in the capacity of the *Commercial's* pet for Assembly, and marvels that he should fill the measure of exaction which that pretentious journal requires in all candidates for public place. Hear him:

EDITORS GAZETTE: Mr. George H. Holtzman, for Assembly, is the subject of laudatory commendation in Thursday's *Commercial*. A year or two since he was an attache of that paper—its president, for a period—and left, we think, under the pressure of some disapprobation, but probably still has an interest in its capital stock. These circumstances are doubtless better known to the press than to outsiders. It is quite possible that the recent wholesale proscription of the Republican party, so indignantly denounced by the GAZETTE and other Republican papers, was instigated by a desire on the part of the *Commercial* to make room for Mr. Holtzman's "*integrity*," "*honesty*," "*fine business qualifications*," etc., by such wholesale defamation of the party as would result in shoving somebody else out. It has been snared in its own trap. As Mr. Holtzman has been photographed at the *Commercial* rooms, the public could judge better of the picture if seen from a standpoint *further up Fifth street*.

RAILWAY NEWS.

It is believed that all differences, upon minor questions of detail, will be adjusted between the Pennsylvania and the Fort Wayne Railroad Companies, and that the proposed lease will be agreed upon, if it be not so already. The lease is to be perpetual, the Pennsylvania paying a twelve per cent. annual dividend, at quarterly periods, upon the $11,500,000 of present capital of the other Company, with the interest on its bonded debt, and the yearly payment to the sinking-fund. If the Fort Wayne capital be increased to $20,000,000, the dividend would then be about seven per cent. on the increased sum. The Fort Wayne will retain its company organization, and will also divide its present cash assets of about 7½ per cent. The *Post* says:

Although a majority of the stockholders appear to favor the measure, it is not likely to succeed, as the President, Gen. Cass, and several members of the Board, are known to be opposed to the measure, and have been from the commencement of the negotiations.

A scrip-dividend of fifty per cent. is hinted at, on the Cleveland and Pittsburgh stock, which, it is said, will pay eight per cent. on the enlarged capital.

A road from Crestline, *via* Tiffin to Toledo is projected, with the understanding that the Fort Wayne shall iron, equip and run it when complete, paying over forty per cent of its gross earnings.

THE FINANCIAL OUTLOOK.

Secretary BOUTWELL'S new policy, the sale of gold and the purchase of bonds, has encountered an awkward state of affairs in the money-market, springing almost wholly out of our international complications with England. The London market has been disturbed for some weeks, by the pressure of large applications for loans to some of the Continental governments. The current subscriptions to these loans have drawn down the bullion in the Bank of England to an embarrassing point, and the Bank has raised its rate of interest again and again, to check the speculative movements of the market. A drain, of five millions already, from its cash, must not be suffered to go further. Then came Mr. SUMNER'S speech, with its reasons for the rejection of the Alabama treaty, and a letter from Prof. GOLDWIN SMITH, now at Ithica, N. Y., to a London journal, warning England to be prepared for a rupture with America. This depressed our securities immediately in London. The markets at Frankfort and Paris could not but sympathize. The lower quotations, daily telegraphed, should have put the bonds down here also. Instead of that, bonds and gold are both going up together, the one because the Secretary is retiring them at the rate of a million per week, and the other because it is to be in demand from abroad, to pay for our excessive importations which the present shipment of bonds would not satisfy.

The Secretary's movement was fortunately timed. His sales of gold, of one to two millions per week, will soon swamp the gold-room speculators, besides, more than meeting the legitimate foreign demand. And his purchases of bonds support the market at the most critical moment it has experienced since the close of the war. But for the Secretary's intervention, gold would be up ten, twenty or thirty per cent higher than it is, and our bonds would recognize the usual law, and go down to a perhaps disastrous point. We trust, therefore, that Mr. BOUTWELL will persevere in his policy steadily. The present flurry will soon blow over, and then we shall have a still clearer perception of the proper efforts of that policy, in a normal condition of the markets. We may look to see our securities quoted at still higher rates than ever, while gold will recede to a lower point than it has yet seen since the crisis of the war. The success with which the Treasury policy is just now stemming the adverse tide of events, affords the highest promise for a different condition of things in the future.

PACKING THE POLLS.

The annexed card has been handed to us, with a request for its publication:

PITTSBURGH, May 21, 1869.

MESSRS. EDITORS: Some of my personal friends have been kind enough to urge my name for nomination before the Republican Judicial Convention, which is to assemble on the 1st proximo, for the position of Judge of the Court of Common Pleas, and I have thus far acquiesced in the movement, but avoided taking any part personally, believing as I do that Judicial stations should be conferred and not sought. I now learn that under certain management the delegates which should properly *be selected by the people*, at the primary meetings to be held on Saturday, the 29th inst., have already been determined upon, and that the *ratification* of their selection at the so called *primary* meetings, on the 29th, will be *a mere form*. While I was quite aware that this was almost always the course of political proceedings in the cities, I hoped that such was not the case in the country: this, however, is a mistake, as the *machinery* seems quite perfect in nearly all the districts, and any attempt to frustrate its pre-arranged management will be entirely futile.

I therefore respectfully request that my friends will desist from any efforts at the primary meetings on my behalf, as I shall not permit my name to be used before a Convention *so selected*, and with the composition of which the people have had so little to do.

I avail myself of this occasion to return my grateful acknowledgments to the many friends who have so cordially and earnestly supported me for so honorable a position, and to assure them that their generous kindness will never be forgotten.

Very Respectfully,
Your obedient servant,
R. BIDDLE ROBERTS.

We should print the above with a feeling of unmingled regret, for what seems to us to be a causeless declination of his candidacy for the Judgeship, were it not that it affords to us a suitable occasion for a few words of commentary upon certain errors in which that gentleman seems to have fallen.

We submit that Mr. ROBERTS is wholly mistaken in his view of the facts. Desiring the nomination, he has been a candidate in full view of the consideration that, to be elected by the popular vote, it would be needful for him to receive the organized support of one or the other of our political parties. Accordingly, he identified himself with the Republican organization and submitted his claims to his partizan friends. He has evidently discovered that he has competitors in the field, and possibly that their friends have been more industrious than his own. He perhaps also finds that the results of the primary meetings are not likely to favor his own aspirations, and that a withdrawal in advance is preferable to a failure in the Convention. Appealing to a popular tribunal, he would seem to have detected an adverse judgment before it is pronounced, and so abandons his case, even before it has been fully heard upon its merits. This is not as it would have been, if he had avoided that mode of trial altogether; as if he had not gone before the popular Republican tribunal at all. He might then have impeached the purity of his judges, the jurisdiction of the court, or the tactics of his antagonists with a somewhat better grace. We need not remind a gentleman, of his large professional experience, of the uniformity with which losing litigants condemn bench, bar and jury alike, and that human nature is much the same, in law or politics as in everything else.

We take issue with Mr. ROBERTS upon his facts. He may have discovered that his competitors have more active friends, perhaps a larger and more prominent popularity than himself, but we cannot believe that either he or they have attempted to "pack" the Conventions by packing the primary meetings. The latter are to be held eight days hence; they are free to every Republican voter; his friends have the same privileges there as those of his competitors; one man has the same right as any other, to direct in the organization, to canvass for votes and to secure a majority thereof; whoever gets the most votes secures the delegates from that precinct; and the friends of no one candidate can pack a free and open meeting of the people, such as these are to be, unless they have a numerical majority on their side—and, when *that* shall be the case, no more need be said of any one. If Mr. ROBERTS has discovered, eight days in advance, that, in a majority of the precincts, a majority of the Republican voters are about to "pack" against his claims in that way—the only possible way that it can be done at all—his early retirement from the canvass must be commended as judicious. But it is a palpable absurdity for him, or any one else, to expect a general concurrence, in his belief that the primary meetings, in city or country, can be made fraudulent burlesques in the way which he so prematurely denounces.

We desire to speak of this matter with the kindest regard for Mr. Roberts, who is, professionally and personally, a gentleman of the highest repute. But he shows himself to be by no means at home in the political arena, and his severe and unmerited denunciations of a system which he has only experimented upon long enough to realize that it is not favorable to his official aspirations, demand of us this emphatic and prompt protest, in behalf of the Republicans of Allegheny county. We regret to see that he adopts and repeats the stale, worn-out phraseology peculiar to unsuccessful candidates of infinitely less personal merit than himself. For more emphasis, but with still less taste, he italicizes these expressions.

We admonish our Republican friends, in town and country, to note the accusations thus early presented by Mr. ROBERTS, and to express their own sense of the justice of his charges, by a full attendance at the primary meetings. Let the friends of every candidate, and *every friend of a good ticket, irrespective of personal preferences*, pack into the meetings with every Republican vote in their respective precincts, and then the *majority* shall rule, in the choice of delegates and in the subsequent nominations, even if that be distasteful to disappointed aspirations.

THE DISTRICT COURT-JUDGESHIP—DAVID REED, ESQ., DECLINES.

MESSRS. EDITORS: My name having been urged by my friends throughout the county as a candidate for nomination, by the Republican County Convention, to the office of Assistant Judge of the District Court, allow me through the columns of your paper to say to them, that while fully appreciating the compliment paid me by their preference, I respectfully desire them not to press my name any further as a candidate for that office.

And in declining, I must take occasion to express to my friends my sincere thanks for the kindly interest and zeal which they have manifested in my behalf.

DAVID REED.

RELIGIOUS INTELLIGENCE.

The Bishops of the Methodist Episcopal Church, believing that the action of the late General Conference favored some advanced steps on their part towards reunion with the Methodist Episcopal Church South, and that it was fitting that they, as the chief ministers, should initiate such a movement, Bishops Janes and Simpson were appointed as a Commission to wait upon the Board of Bishops of the Church South, at St. Louis, some days since, who presented an official paper proposing steps towards the uniting of both bodies into one. The Southern Bishops received Bishops Janes and Simpson very cordially, and, after a brief time, replied at considerable length. The document of the Southern Bishops asssumes that slavery was not the *cause* but the *occasion* which led to the separation. They also resent the idea that they should be regarded as seceders, and claim that it was simply a division by mutual consent. Considerable stress was placed upon the refusal to acknowledge and receive the deputation of the Church South, to the General Conference, at Pittsburgh, in 1848. The first step towards re-union has been taken, and we presume, if a deputation of the Church South is hereafter sent, it would be received, and thus lead the way to further negotiations. The correspondence is dignified and in good spirit by both parties.

The intelligent correspondent of the *Presbyterian* assumes, that notwithstanding the assertion of the London *Times* that hospitality is the virtue of a barbarous age, and that amid the hurried engagements of modern life there is no time to entertain guests, that it is expected the delegates to the two Presbyterian General Assemblies will be well cared for, though transient visitors may not fare so well. He thinks, however, that they will suffer no comparison, in this regard, with the more generous and abundant exhibitions of hospitality shown in late years by western and south-western cities that have cared for the Assemblies.

It would be a happy result, if every Sunday School teacher could say what one recently stated to her pastor, "All my scholars have been brought to Christ, and now, *what shall I do next?*"

Rev. Charles A. Dickey, pastor of the United Presbyterian church, Allegheny City, Pa., has received and accepted a call to the New School Presbyterian Church in St. Louis, of which Rev. Dr. Nelson was lately pastor. Another loss to this community of a useful young minister.

A correspondent of the Presbyterian *Banner* thinks that while the Synod of the Reformed Presbyterian Church did right in expelling George H. Stuart, according to the strict tenor of the law of the Church, which Mr. Stuart admitted that he had violated, because the law had been virtually a dead letter, nevertheless he argues that the spirit of the members was not unlike the course of the Spanish Inquisition and Saul of Tarsus, in fierceness and uncharitableness.

The General Assembly of the United Presbyterian Church of North America, will meet at Monmouth, Illinois, Monday, the 26th inst., to be opened with a sermon by Rev. James Harper, D. D., the retiring Moderator.

A correspondent of the *Friends' Review* objects to members of their body undertaking civil office over the Indian tribes. He fears they may be called upon to enforce the laws in a way inconsistent with Quaker principles, and he thinks their consciences will not allow them to do what is required and expected of them.

The *Independent* reports that the agents of the American Home Mission Society have organized during the past year, forty-eight churches. Of the churches aided, twenty-two have become self-supporting. It has had under appointment nine hundred and eight missionaries, of whom five hundred and sixty-five labored with a single congregation, while the others ministered to two or more.

About thirteen hundred people were confirmed, Sabbath week, in two Catholic churches of Brooklyn, New York.

The Fourth Annual Diocesan Convention, of the Episcopal Diocese of Pittsburgh, will be opened in Trinity Church, Pittsburgh, Tuesday, June 9th.

The report of the New York and Hudson River Conference of the American Unitarian Association shows that Unitarianism is not flourishing in New York and vicinity. In Albany, the congregation has sold its church, and the members got scattered. Dr. Osgood, one of the most eminent divines in that body, has resigned his pastorate, and it is reported that he had expressed himself that the future of liberal religion is very much in doubt. At Peekshill, Harlem and other points the denomination appears to be languishing.

It is proposed to finish a spacious hall, in the block of buildings to be erected by the Methodists of Boston, for the Book Depository and *Zion's Herald*, to seat about three thousand persons, to be dedicated to free grace, where the rich and the poor can sit together on Sunday, and hear the Word of the Lord, and to be used for other purposes during the week, as occasion may require.

The Ohio State Sunday School Convention is to hold it annual meeting for 1869, in the city of Steubenville, on the 2d and 3d days of June. Delegates will be accommodated with homes.

Rev. John Rea, son of our townsman, Samuel Rea, Esq., President of the People's National Bank, was installed as pastor of the Presbyterian Church at Downington, Pa., on the 6th inst. Rev. Thomas X. Orr, late pastor of the Central Presbyterian Church, Allegheny city, was installed in the First Reformed (Dutch) Church, Philadelphia, on the 16th inst.

Rev. W. W. Eells, at the late annual meeting of the Pennsylvania Bible Society, was re-elected Secretary of Western Pennsylvania, office at Pittsburgh.

The *Presbyterian* alluding to a statement that at a meeting of a Presbytery in the State of New Jersey, presided over by a negro black as a crow, says "that that was by no means a novelty in the Church; the editor has seen, a quarter of a century ago, a black man officiate as Moderator of a Presbytery in Philadelphia."

From recent statistics the Cumberland Presbyterian churches, report an increase during the past year of four hundred members.

The venerable Dr. R. J. Breckenridge still batters away at the reunion project of the Old and New School Presbyterian bodies, and characterizes the whole movement as disorganizing and demoralizing, and as senseless, graceless and dangerous. Pretty severe opinion, of a movement deemed wise, expedient, and desirable, by some very good people in both denominations, and certainly would be gratifying to the Christian world generally.

IT IS NOW announced that Mr. Young has actually left the *Tribune* office, and will shortly sail for Europe as an agent of Jay Cook. Mr. Young, it is said, will, upon his return from Europe, press his law-suit against Dana to the very bitter end, as he will be able to show actual damages sustained by the *Sun* publications.

MECHANICAL MEDICAL APPLIANCES.

There are certain phases of disease, and certain diseased conditions of the human system, which proceed from displacement and mal-position of some of the various organs of the human body. These are not remediable by the usual and ordinary methods used for the cure of other ailments; but require some mechanical stay or support to maintain the parts in position until they are healed. Prominent among these may be classed a displacement called hernia, or rupture, which is a protrusion of part of the bowel, and which must be returned and kept to its place by some outward support which should be properly adjusted in order to secure immunity from inconvenience and danger. The prevalence of this condition is now very common and should be attended to immediately on its appearance, not only because of the present inconvenience which its produces, but also in consequence of the usual danger of strangulation which is rarely remedied but by a surgical operation.

Varicose veins in the legs and varicocele are other forms of structural changes which need immediate and scientific outward support, in order to afford relief or effect a cure. Each of these conditions are now as much within the pale of successful treatment as any of the other diseases to which mankind are liable.

Stooped shoulders may be cured at once by the use of my Shoulder Braces, which not only maintain the body in an erect position, but at the same time enlarge its capacity, and allow free and full expansion to the lungs, always a necessary condition to a healthy and perfect use of the pulmonary organs.

There are hundreds of females who would find great benefit from wearing these shoulder braces as they are so constructed as to take all the dragging weight from the back or spine and suspend the clothing from the shoulders. Those who use my shoulder braces need not wear suspenders, as they answer the double purpose of shoulder brace and suspenders; in fact they are the best suspenders ever invented. Sold and applied at

A HOUSEHOLD ELIXIR ADAPTED TO ALL CLIMATES.

It would be a happy thing for the world if all the excitants at present used in the practice of medicine could be swept out of existence, and HOSTETTER'S STOMACH BITTERS substituted in their place. There is a probability, too, that this desirable substitution may one day be accomplished. Certain it is, that the GREAT VEGETABLE TONIC is gradually displacing them, and that the confidence of the people in its sanitary and saving properties increases with every passing year. "Figures that cannot lie" show this to be the fact. No medicinal preparation enjoys the like popularity among all classes and conditions in every section of the country. As an appetizer, a general invigorant, a remedy for indigestion, a cure for intermittent and remittent fevers, a general cathartic, a specific for flatulency and sour stomach, a gentle diuretic, a nervine, a blood depurent, a specific for sick headache, a mild anodyne, and, above all, as a PROTECTION AGAINST EPIDEMICS, it is unquestionably the STANDARD MEDICINE of the whole United States. In the towns and cities it is literally a HOUSEHOLD STAPLE. Mothers believe in it. They find it a "present help in time of trouble"—a safe and pleasant remedy for the various ailments to which their sex is exclusively subject. Men believe in it, because it refreshes and invigorates the body and mind, and tones both without exciting either.

AN INQUIRY.

MESSRS EDITORS: Can you inform us whether or not *the George H. Holtzman*, announced as a candidate for Assembly, is the *same* George H. Holtzman who, as an attache of the *Commercial* in 1867, obtained the fat sinecure of Assessor of Bank Taxes in this county? If so, is he still employed on the virtuous *Commercial*?

We fear that the Assessor who, by a *Legislative job*, received over $1,200 from the State Treasury for one week's work, would find the ordinary pay of a legislator inadequate to compensate his valuable services, and that he might have a *hankering* for other "jobs" if elected.

OBSERVER.

[Respectfully forwarded to the Pittsburgh *Commercial* for its reply to the pertinent inquiry.—EDS. GAZETTE.]

—At the close of the trial of Mrs. Nancy B. Madan, in Dedham, Mass., for the murder of her son-in-law, the accused being allowed to speak, said: "Gentlemen of the jury, I have nothing to say only this—I am not guilty. I am willing to appear before God, but his blood will not be found upon my hands.' The jury rendered a verdict of murder in the first degree.

—The salt well at Maskegan, Mich., has been completed and pumping commenced. The brine is pronounced equal, both in quantity and quality, to that of the best wells in Saginaw.

—Strawberries are beginning to come into the Chicago market freely and were selling yesterday at from thirty-five to forty-five cents per box. The price a few days ago was a dollar a box.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 21, 1869.

Wall street was excited this afternoon by rumors, none of which could be traced to reliable authority, such as Boutwell's resignation, with at first George H. Stuart, and subsequently A. T. Stewart as his successor, and revival of the story that three per cent. certificates were to be retired instead of bonds. These reports occasioned a depression and general decline in prices; the effect, however, was chiefly on the gold market. The Brazilian firm, alluded to yesterday, will make a private settlement, and is called a suspension. The name is said to be James Patrick & Co., who also are in the California trade. One other private settlement is reported to-day. Money fairly active at 7 per cent., with comparatively few exceptions at 6. Sterling weaker; prime bankers nominal at 9⅜@9½; sight 10¼@10⅝. Gold greatly excited by rumors noticed above and lower; prices opened at 143¼, fell to 140½, and closed at 141½. Carrying rates 7@3 per cent., and 1-32 to flat. Clearances $136,000,000. The heavy sales of large speculative holders yesterday and the announcement by the Secretary of the Treasury of increased sales of gold also had an effect on the market.

Governments have been affected by the prevailing excitement and fall in gold, and are lower. Coupons '81, 122¼@122¾; do. '62, 122½@123; do. '64, 116⅞@117; do. '65, 119@119⅛; do. new, 119¾@120; do. '67, 119¾@119⅞; do. '68, 119¾@120; 10-40's, 109¾@109⅞. State bonds are steady; Missouris, 88½; old Tennessees, 68¼@68½; new do., 65½@65⅝; old North Carolinas, 59¾; new do., 54½@54¾; old Virginias, 57½@57⅞ to 62¼@63; Lousiana Levees Sixes, 68½@69.

The Stock market during the morning was strong and buoyant, with the Vanderbilt stocks as the special features. Central sold as high as 192⅝, Hudson 164½, and Harlem 151¾. The 4 per cent. dividend on the 8 per cent. certificates is to be paid without delay. The consolidation of the Central and Hudson is to be effected on a basis of $100,000,000, the Central at $70,000,000, and the Hudson at $30,00,000. This will involve a further dividend on both stocks. North Western, Fort Wayne, Rock Island, Reading, Michigan Southern and Ohio and Mississippi were most active stocks after Vanderbilts. The market about noon reached and subsequently became heavy, and declining under the sales to realize the morning advance; late in the afternoon there was a recovery from the lowest point of the afternoon, and the market, though somewhat unsettled, was firm.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, FRIDAY, May 21, 1869.

The drizzling rain which prevailed during the greater part of the day had a tendency to retard out-door business, which, at best, is nothing to brag about. Grain continues very dull and weak and Oats and Rye are lower. Flour is firm, especially Spring Wheat brands, in sympathy with the advance in Wheat in Chicago, but as yet there is no advance here. It seems that Wheat is relatively higher in the west than Flour, and the milling business in that section is reported as being anything but satisfactory. Grocaries unchanged, though all goods in this category are held with considerable tenacity. Provisions steady with a fair jobbing demand.

APPLES—Sales at $5@7 per bbl, as to quality, and the supply is nearly exhausted.

APPLE BUTTER—Sales at 1@$1,10.

BUTTER—Is in good supply and dull but unchanged; sales of prime to choice at 28@30.

BEANS—Dull at $2,25@2,75.

CARBON OIL—Is quoted in a jobbing way at 29@30.

CORNMEAL—$1,50@1.75 per cwt.

CHEESE—Coming in more freely but unchanged. Sales of new Western Reserve at 18@20, as to quality.

DRIED FRUIT—Apples scarce and in demand, and we continue to quote at 13@15. Peaches, 14 for quarters and 18 for prime halves.

EGGS—Dull but unchanged, at 16@17.

FEATHERS—Quoted at 80 cts, to the trade, and the usual advance for small lots in store.

FLOUR—Is firmer with a steady local demand, but prices are unchanged—dealers think prices ought to be put up, but they hesitate about doing it We continue to quote Spring Wheat brands at $6,50@7,25; and Winter Wheat at $7,50@8. Rye Flour, $6,75@7, and dull.

GRAIN—Wheat is dull and nominal, at $1,50 for prime Red. There is but little offering and not much wanted. Oats quiet and unchanged; we continue to quote at 67@68 to arrive, buyer furnishing sacks; 70@72 on track, and 75 in store. Ear Corn is scarce and prime Yellow would bring 80 on wharf, with sales in store at 85@90; Shelled, 75@80, as to quality. Rye is dull and nominal, at $1.30@1,35. Prime Spring Barley, $1,75.

HAY—Sales at Allegheny Diamond market of 44 loads at $21@36, but little sold at the outside quotation. Baled is dull, and cannot be quoted above $25@26 for prime.

HUSKS—Sales corn husks at 3½.

HEMP—Sales at $215.

HOMINY—$5,75@6 per bbl.

LARD OIL—Is quoted at $1,20 for No. 2, and $1,50@1,52 for No. 1.

LIME—Cleveland Lime is quoted at $2 50, per bbl, and Common White at $1,75.

MAPLE SYRUP—Sales in gallon jugs at $1,50.

POTATOES—Steady with diminshed arrivals and an increased demand; sales in store at 50@55 per bushel.

PEANUTS—Held at 12c.

PROVISIONS—Steady with regular jobbing sales at 13¾ for Shoulders; 16¼ for Ribbed, and 17¾ for Clear Sides; Plain Hams, 17¾; Canvassed Sugar Cured Hams 19¾@20. Lard, 19 in tierces and 19½@20 in half bbls kegs, and pails. Plain dry Beef 20½; Canvassed do. 21@21¼. Mess Pork $32@32½.

SEEDS—Sales of Clover Seed at $9; no Timothy or Flaxseed in this market worth speaking of.

SALT—May be quoted at $1,83@1,85 by the car load, and $1,95@2 for small lots in store.

TALLOW—Is quoted at 10¼@10⅝, for rendered, and dull.

PITTSBURGH IRON MARKET.

OFFICE OF PITTSBURGH GAZETTE, FRIDAY, May 21, 1869.

The metal market, since the date of our last report, has undergone no quotable change. The demand is only moderate, but with a comparatively light supply and only moderate receipts, prices are pretty well sustained. The arrivals of estern irons continue light, and are likely to continue so until there is some modification made in regard to freights.

The Bar iron and Nail trade is reported dull and unsatisfactory; there is not so much complaint as to scarcity of orders, as there is in regard to prices, as it seems competition has cut them down to a point that leaves the manufacturer little, if anything.

NOREMBEGA.*

BY JOHN G. WHITTIER.

The winding way the serpent takes
The mystic water took,
From where to count its beaded lakes,
The forest sped its book.

A narrow space 'twixt shore and shore,
For sun or stars to fall,
While evermore, beneath, before,
Closed in the forest wall.

The dim wood hiding underneath
Wan flowers without a name;
Life tangled with decay and death,
League after league the same.

Unbroken over swamp and hill
The rounding shadow lay
Save where the river cut at will
A pathway to the day.

Beside that track of air and light,
Weak as a child unweaned,
At shut of day a Christian knight
Upon his henchman leaned.

The embers of the sunset's fire
Along the clouds burned down;
"I see," he said, "the domes and spires
Of Norembega town."

"Alack! the domes, O master mine,
Are Golden clouds on high;
Yon spire is but the branchless pine
That cuts the evening sky."

"O hush and hark! What sounds are these
But chants and holy hymns?"
"Thou hear'st the breeze that stirs the trees
Through all their leafy limbs."

"Is it a chapel bell that fills
The air with its low tone?"
"Thou hear'st the tinkle of the rills,
The insect's vesper drone."

"The Christ be praised!—He sets for me
A blessed cross in sight!"
"Now, nay, 'tis but yon blasted tree
With two gaunt arms outright!

"Be it wind so sad or tree so stark,
It mattereth not my knave:
Methinks to funeral hymns I hark,
The cross is for my grave!

"My life is sped; I shall not see
My home-set sails again;
The sweetest eyes of Normandie
Shall watch for me in vain.

"Yet onward still to ear and eye
The baffling marvel calls;
I fain would look before I die
On Norembega's walls.

"So, haply, it shall be thy part
At Christian feet to lay
The mystery of the desert's heart
My dead hand plucked away.

"Leave me an hour of rest; go thou
And look from yonder heights;
Perchance the valley even now
Is starred with its city lights."

The henchman climbed the nearest hill,
He saw nor tower nor town,
But, through the drear woods, lone and still,
The river rolling down.

He heard the stealthy feet of things
Whose shapes he could not see,
A flutter as of evil wings,
The fall of a dead tree.

The pines stood black against the moon,
A sword of fire beyond;
He heard the wolf howl, and the loon
Laugh from his reedy pond.

He turned him back: "O master dear,
We are but men misled;
And thou hast sought a city here
To find a grave instead."

"As God shall will! what matters where
A true man's cross may stand,
So heaven be o'er it here as there
In pleasant Norman land?

"These woods, perchance, no secret hide
Of lordly tower and hall;
Yon river in its wanderings wide
Has washed no city wall;

"Yet mirrored in the sullen stream
The holy stars are given:
Is Norembega then a dream
Whose waking is in heaven?

"No builded wonder of these lands
My weary eyes shall see;
A city never made with hands
Alone awaiteth me—

"'*Urbs Syon mystica*'; I see
Its mansions passing fair,
'*Condita cœlo*'; let me be,
Dear Lord, a dweller there!"

Above the dying exile hung
The vision of the bard,
As faltered on his failing tongue
The song of good Bernard.

The henchman dug at dawn a grave
Beneath the hemlock brown,
And to the desert's keeping gave
The lord of fief and town.

Years after, when the Sieur Champlain
Sailed up the mystic stream,
And Norembega proved again
A shadow and a dream,

He found the Norman's nameless grave
Within the hemlock's shade,
And, stretching wide its arms to save,
The sign that God had made,—

The cross-boughed tree that marked the spot
And made it holy ground;
He needs the earthly city not
Who hath the heavenly found!

[*Norembega, or Norimbegne, is the name given by early French fishermen and explorers to a fabulous country south of Cape Breton, first discovered by Verrazzani in 1524. It was supposed to have a magnificent city of the same name on a great river, probably the Penobscot. The site of this barbaric city is laid down on a map published at Antwerp in 1570. In 1604 Champlain sailed in search of the Northern Eldorado, twenty-two leagues up the Penobscot from the Isle Haute. He supposed the river to be that of Norembega, but wisely came to the conclusion that those travelers who told of the great city had never seen it. He saw no evidences of anything like civilization, but mentions the finding of a cross, very old and mossy, in the woods.]

New England Sermons.

In Mrs. Stowe's new novel one of the characters gives the following synopsis of an old-time New England sermon:

"Wal," said Sam, leaning over the fire, with his long, bony hands alternately raised to catch the warmth, and then dropped with an utter laxness, when the warmth became too pronounced, "Parson Simpson's a smart man; but, I tell ye, it's kind o' discouragin'. Why, he said our state and condition by natur was just like this: We was clear down in a well fifty feet deep, and the sides all round nothin' but glare ice; but we was under immediate obligations to get out, 'cause we are free, voluntary agents. But nobody ever had got out, and nobody would, unless the Lord reached down and took 'em. And whether he would or not, nobody could tell; it was all sovereignty. He said there wasn't one in a hundred—not one in a thousand—not one in ten thousand—that would be saved. Lordy massy, says I to myself, ef that's so they're any of 'em welcome to my chance. And so I kind o' ris up and come out, 'cause I'd got a pretty long walk home, and I wanted to go round by South Pond and inquire about about Aunt Sally Morse's toothache."

Emigration to Africa.

The Secretary of the American Colonization Society, writing to the *Ledger* in reference to the statement that the number of colored emigrants to Africa has fallen off since the war, asserts that this diminution is merely temporary, and has occurred only in the year 1868. He gives the number of emigrants colonized by the Society in 1865 at 527, in 1866, at 621, in 1867, at 633, and in 1868, at 451, making a total of 2,232 colonized in the four years since the war. He asserts that in no equal period of the Society's existence, except one, have so many emigrants been settled in Liberia. The number sent during the years named, it is stated, gives but the smaller portion of the persons who applied for a passage.

A LITTLE six-year-old girl who attended church in a meeting house recently remodelled, was enlarging eloquently on the beauties of the edifice, when a young friend interrupted her by inquiring if she supposed the minister preached any better than he did in the old house. "Well," said the enthusiast, "I guess he does; at any rate a dinner tastes better when you have a nice clean plate to eat off of." This settled the matter.

Cruelty to Animals.

We copy the law proposed by the late Legislature of Pennsylvania, and approved March 29, 1869:

AN ACT for the punishment of cruelty to animals in this Commonwealth.

SECTION 1. *Be it enacted*, &c., That any person who shall, within this Commonwealth, wantonly or cruelly ill-treat, over load, beat or otherwise abuse any animal, whether belonging to himself or otherwise, or shall keep or use, or in any way be connected with, or interested in the management of, or shall receive money for the admission of any person to any place kept for the purpose of fighting or baiting any bull, bear, dog, cock, or other creature, and every person who shall encourage, aid or assist therein, or who shall permit, or suffer any place to be so kept or used, shall be deemed guilty of a misdemeanor, and on being convicted thereof, before any alderman or magistrate, shall be fined by the said alderman or magistrate for the first offense in a sum not less than ten dollars nor more than twenty dollars, and for the second and every subsequent offense in a sum not less than twenty, nor exceeding fifty dollars, to be paid one half to the informer (who shall be a competent witness notwithstanding such interest), and the other half to the county where the offense may be committed; and if said fine or penalty and the costs of the proceedings be not paid, then said Alderman or magistrate shall commit said offender to the county prison, there to remain until discharged by due course of law. *Provided*, That when the fine imposed exceeds the sum of ten dollars the party complained against may appeal from the decision of said Alderman or magistrate to the Court of Quarter Sessions, upon his entering bail in the nature of a recognizance, in the usual manner, for his appearance at said Court, when the offense shall be prosecuted in the same manner as is now directed by law in other cases of misdemeanor.

SEC. 2. If in lieu of deciding the cause such alderman or magistrate shall bind over or commit such person to appear at the Court of Quarter Sessions, or if such person shall appeal as aforesaid, or upon such binding over or commitment, appear before the said court and be there convicted of such misdemeanor, he shall be sentenced to pay a fine not exceeding two hundred dollars, payable as aforesaid, or undergo an imprisonment not exceeding one year, or both, at the discretion of the court.

SEC. 3. If any person shall be arrested for carrying, or causing, or allowing to be carried in or upon any cart, or other vehicle whatsoever, any creature in a cruel or inhuman manner, the person taking him into custody may take charge of such vehicle and its contents, and deposit the same in some safe place of custody, and any necessary expenses which may be incurred for taking charge of and keeping the same, and sustaining any animal attached thereto, shall be a lien thereon, to be paid before the same can lawfully be recovered, or the said expenses or any part thereof remaining unpaid may be recovered by the person incurring the same of the owner of said creature in any action therefor.

SEC. 4. If any maimed, sick, infirm or disabled creature shall, by any person, be abandoned to die in any public place, such person shall be guilty of a misdemeanor; and it shall be lawful for any alderman or magistrate to appoint suitable persons to destroy and remove such creature, if unfit for further use, at the cost of the owner thereof, recoverable before the said alderman or magistrate.

SEC. 5. Any policeman or constable of any city or county, or any agent of the Pennsylvania Society for the Prevention of Cruelty to Animals, shall, upon his own view of any such misdemeanor, or upon the complaint of any other person who may declare his or her name and abode to such policeman, constable, or agent, make arrests and bring before any alderman or magistrate thereof offenders found violating the provisions of this act.

THE disadvantages of being a man are forcibly told in the following letter written to a gentleman who applied for admission to membership in the New York Sorosis:

Mr. R. B. Roosevelt—Dear sir: Your proposition to become a member of the Sorosis was laid before the Executive Committee, and subsequently before the club. I regret to say the decision was not in your favor. The reasons, it is only fair to state, were not those of character, position or personal merit, but consisted solely of society restrictions as to sex. Personally, you have been found very agreeable by several members of the Sorosis. Reputation and position are alike unexceptionable; but the unfortunate fact of your being a man outweighs these and all other claims to membership.

We willingly admit, of course, that the accident of your sex is on you, part a misfortune, and not a fault. Nor do we wish to arrogate anything to ourselves because we had the good fortune to be born women. We sympathize most truly and heartily with you and the entire male creation in their present and prospective desolation and unhappiness; but this is all we can do. Sorosis is too young for the society of gentlemen, and must be allowed time to grow. By and by, when it has reached a proper age, say twenty-one, it may ally itself with the Press Club, or some other male organization of good standing and character; but for years to come its reply to all male suitors must be, "Principles, not men."

JENNIE JUNE CROLY,
President of Sorosis.

GOOD conduct at Sunday-School seems to be differently rewarded in different localities. In a certain Episcopal Church San Francisco, for instance, each scholar that is in his place before opening school receives a ticket for Punctuality. Our corespondent having, as was his habit, come early to school one Sunday, observed a class of six or seven boys, aged from seven to twelve years, all of respectable parentage, throwing dice for who would win the whole lot of Punctuality tickets. He stood aghast at such depravity, in such a place, on such a day—especially when one urchin roared out: "Sixes! I've won, *give us the pool*!"—*Harper's Magazine*

THE aurora borealis of the 15th of April, which appears to have been general in Europe as well as in America, coincided with one of the great meteor showers of the year. The earth probably passed through the thickest of the stream on the 19th ult. M. Quetelet, of Brussels, has long remarked a connection between these two phenomena: "It is certainly not quite proved," he says, "that falling stars and auroras are owing to the same cause; but it is reasonable to suppose that what produces the former will favor the production of the other."

SPECIAL NOTICES.

SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the livor and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens into the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abcesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparation with the same remarkable success. Full directions accompany each, making it at absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Tuesday, and at No. 35 Hanover street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. my19:151-d&F

A Grand picnic, under the auspi es of the puddlers of the vicinity has been arranged to come off to-day, should the weather prove favorable.

Hearing This Morning.—Geo. Stevens, the party arrested on suspicion of being implicated in the safe robbery at Messrs. Robinson & Co.'s store, will have a hearing before Mayor Drum this morning at ten o'clock.

Heavy Robbery.—At an early hour yesterday morning a dry goods store at Birkettstown, Washington county, on the Panhandle Railroad, was broken into and robbed of fifteen hundred dollars worth of goods. There is no clue to the thieves.

New Oil Well.—Capt. James Wilkins received a telegram last evening stating that Well No. 14, belonging to the Bartlett Oil Company, and located at Scrubgrass, on the property of the Boston and Philadelphia Company, was yielding at the rate of one hundred barrels per day.

Pennsylvania Reserve Association.—Resident members of the old Pennsylvania Reserve corps, will meet this (Saturday) evening, promptly at seven o'clock, at the office of Col. R. Biddle Roberts, corner of Grant and Diamond streets, to make arrangements for the approaching anniversary which is to be held in West Chester, Tuesday, June 1st.

"Wisdom and Folly."—Miss Julia Crouch, of Mystic, Conn., lectured before a large and intelligent audience in Findley township, on Thursday evening, on the subject of "Wisdom and Folly." The lecture was vastly entertaining and instructive, and the audience listened to every word with the closest attention. Miss Crouch will speak at the Court House in Washington borough, on Friday evening, 28th inst.

Memorial Sermon.—Rev. Col. J. B. Clark will deliver a memorial sermon, to-morrow afternoon, at three o'clock, before his old regiments, the 123d and 155d, Pennsylvania Volunteers, in the Second U. P. Threatened to Fix Him.—Gilson L. Hainds had a hearing, before Alderman McMasters, yesterday, on an information for surety of the peace, preferred by J. P. Padden. The parties reside in the Sixth ward, Allegheny, and had a misunderstanding some weeks ago, when Hainds, according to Padden's statements, threatened to "fix him"—a rather indefinite but considered by Padden a terrible threat. Hainds was held for Court.

A Municipal Thief.—Mr. Benjamin W. Morgan, in Common Council, Chairman of the Committee on Retrenchment and Reform, yesterday announced that a person, whose name we withhold for the present, had receipted in full, in the name of the city, for a large amount due by an iron company for use of a street, pocketed the money and never returned a single cent of it to the City Treasury. Let the offender be brought to justice.

The Distinguished Visitors.

The foreign gentlemen whose arrival we noticed in the GAZEETTE of Thursday morning, made a partial tour of the city yesterday, accompanied by his Honor, the Mayor, and several prominent citizens. A visit was first made to Cliff street for the purpose of taking a bird's eye view of the city. Park & Bros., Steel Woorks were next visited, after which the party repaired to the Allegheny Cemetry, and, after viewing it, they returned to the Monongahela House. They will visit places of interest on the South-side to-day.

There was a general expectation that the Philadelphia Presbytery, and those members of the Pittsburgh Presbytery, who suspended relations to the Synod in the month of June last, would come into court and claim seats. None, except one from the Pittsburgh Presbytery, was present on the floor of the Synod, and he made no claim to a seat. It has not been ascertained, as yet, whether any of them will ask for the privilege of sitting as members, or present memorials in relation to the subject which led to their suspension of relations.

When the Roll of Synod was complete, the Moderator announced that the first thing in order was the election of officers.

Rev. Dr. Douglas moved that Rev. M. Harshaw be elected Moderator for the ensuing year. Mr. Harshaw was elected unanimously.

On taking the Moderator's chair, Mr. Harshaw returned thanks for the honor conferred in a few brief remarks.

Rev. J. N. McLeod, D. D., of New York city, was elected Stated Clerk, and Rev. N. Woodside, of Brooklyn, Assistant Clerk.

On motion of Dr. John McMaster, Synod then adjourned to meet on Thursday morning, at nine o'clock, Rev. S. W. Crawford, D. D., concluding by prayer.

SECOND DAY—MORNING SESSION.

Synod met at 9 o'clock, and was opened with prayer by the Moderator, Rev. M. Harshaw.

The Stated Clerk then read the minutes of last year throughout.

The Moderator then announced the standing committees, as follows:

Discipline.—Dr. Douglas, Dr. Crawford, Rev. A. Thomson, and Messrs David Munford and John McEldowney.

Munford. *Easton Presbytery*—Rev. J. Y. Boice and Mr. J. Kell.

The Chairman of the Committee on Foreign Correspondence reported that no communication had been received during the year. Report approved.

The Commission appointed at last Synod to adjust certain difficulties in the First Reformed Presbyterian Church, Philadelphia, presented their report. It set forth that the Presbytery of Philadelphia had suspended their relations to General Synod and put themselves beyond her jurisdiction before the Commission met, and, therefore, it proceeded no further in the case, but declared the persons of the First Church, Philadelphia, who recognized the authority of General Synod to be of right the First Reformed Presbyterian Congregation of Philadelphia.

Dr. Wilson moved that the report be accepted and the Commission discharged.

At this point James Smyth, Esq., presented a memorial from the Reformed Presbytery of Philadelphia. The memorial was not read and Synod took no action upon it.

Another paper was presented reciting at large the whole case and the deliberations of the Commission, and approving of its action.

Dr. McMaster thought all parties should be heard, and if Mr. Smyth comes duly accredited he should be heard.

Rev. A. G. Wylie thought no notice should be taken of the memorial. It was now too late. The petition should have been presented to the Commission.

Peter Gibson, Esq., concurred in what Mr. Wylie had said.

Mr. Smyth presented his credentials from the Reformed Presbytery of Philadelphia.

Mr. Wylie thought Mr. Smythe should state from what church he came.

Mr. Smyth said from the Reformed Presbyterian Church.

Dr. McLeod thought the proceedings should not be interrupted in this way. The work of the Commission should be approved or disapproved.

Rev. S. Young was desirous of voting intelligently, and in order to do this the paper should be read.

The report of the Commission was adopted unanimously.

The unfinished business was suspended to take up the memorial from the Philadelphia Presbytery and consider the other papers.

Mr. Wylie thought the paper should not be received. The Moderator had so decided.

Dr. McMaster thought there was no difficulty, as the Presbytery of Philadelphia recognized Synod as the General Synod of the Reformed Presbyterian Church.

Dr. Douglas thought the paper should be referred to a committee to examine it and ascertain whether it is such a paper as should be read in Synod. If it is, no member will object to its being presented.

Rev. J. Alford moved that a committee be appointed on Credentials, to whom certificates of Commissioners shall be referred, and all such documents as that now presented.

Revs. S. Young, J. K. Martin and others spoke in favor of the motion, and Dr. McLeod, Mr. James Stewart and others in opposition.

The Moderator decided that the motion was not in order.

On motion of Dr. Douglas, the papers from the Presbytery of Philadelphia were then read.

The papers set forth that the Synod which met in Pittsburgh last year, was illegaliy and unconstitutionally organized, and assigned several reasons.

The memorial praying General Synod to rescind its action at the meeting in Pittsburgh, May, 1868, in reference to George H. Stuart, was also read, after which the meeting adjourned till three o'clock.

Decoration Day—Further Arrangements by Executive Committee.

The Executive Committee of the G. A. R. assembled at City Hall, yesterday afternoon, at three o'clock, for the purpose of making further arrangements for the celebration of Decoration Day.

Major J. F. Denniston presided. Augustus Beckert, Esq., officiating as Secretary.

Captain W. B. Cook stated a number of orphan children from Uniontown and other places, were expected to participate in the day's celebration, and on his motion Mr. W. R. Johnston was appointed to make arrangements in regard to their transportation.

Major Denniston, from the Committee on Orators and Poets, stated that Hon. John M. Kirkpatrick had consented to deliver an address on the occasion. The Committee were further instructed to secure some person to prepare and recite a poem in commemoration of the day.

The Finance Committee reported having received $90.

Comrade Lee S. Smith was unanimously elected Treasurer and took charge of the funds.

A communication was received from Miss Annie Hunter, representing the Third Ward Schools, Allegheny, tendering the services of the teachers and scholars in aiding in the celebration in any manner the Committee might direct.

The Secretary was instructed to notify Miss Hunter of the acceptance of the offer with the thanks of the Committee.

On motion, the matter of engaging a band for the procession was postponed until a future meeting.

Captains Martin, Shaffer, W. C. Cooke and M. McLanihan were, on motion of W. B. Cook, appointed a Committee to procure vehicles for the accommodation of disabled soldiers and others who might desire to participate in the procession, and were unable to walk.

The Committee having the business in charge, reported that Prof. W. H. Slack had kindly consented to take charge of the musical exercises of the day.

Capt. W. B. Cook moved that all societies and other organizations wishing to take part in the procession be required to report to the Chief Marshal for orders. Considerable discussion ensued on this motion, when it was finally amended by requiring them to report to Division Commanders, and thus adopted, as it was thought less confusion would be experienced by this method.

On motion, all citizens complying with the request of the Committee to display flags at half mast on Saturday morning, were also requested to decorate the same with flowers, that the idea of the ceremony might be more fully carried out.

The Chief Marshal was instructed to request the Judges of the several Courts to close their respective tribunals on Decoration Day.

On motion, Capt. A. P. Callow was appointed to take charge of all businesss connected with advertising, route of procession, notices, &c., &c.

Adjourned, to meet Tuesday afternoon three o'clock at the same place.

Sharpsburg.

Our quiet town gives evident signs of prosperity. A number of new residences have been built during the winter, and a number more are now in course of erection. Messrs. Dunham, Saint & Co., have laid in a large stock of lumber for their numerous customers, and Mr. A. Kelly is erecting a large steam saw-mill, which will give employment to a number of hands, and will supply our builders with every kind of sawed frame lumber

During this week we have lost two of our most respected ladies, Mrs. Elizabeth, wife of Mr. Francis Alsip, and Mrs. Sarah, wife of Rev. W. Collier, DD., and mother of General F. H. Collier, of the Pittsburgh bar. Both of the deceased were for a long time consistent members of the First Methodist Church of this place, and died in hope of a blissful immortality. More anon, X.

Artificial Teeth.—A good set of teeth, beautiful in appearance and useful in service—such as you need to enjoy a good dinner—you can always get from Dr. Gillespie. He is not much of a "blowhard," but his work is good and he does all he promises. In every department of his profession he has no superior. His prices are moderate and his work warranted. His improved laughing gas is really marvelous, so effectual and yet so harmless, no one need fear to take it. To be had only at 246 Penn street.

Amusements.

OPERA HOUSE.—This afternoon a matinee will be given at the Opera House, with Humpty Dumpty as the attraction. This evening the farewell benefit of Tony Denier, and the last performance of the Pantomime, will be given. The Chapman sisters will appear on Monday evening in a burlesque comic opera.

ACADEMY OF MUSIC.—The exhibition by Mrs. Slack Davis' pupils at the Academy of Music next Tuesday evening promises to be an exceedingly pleasant entertainment. On a former occasion it drew to the Academy a very large audience, who were so highly pleased that a repetition was asked for and decided upon. Aside from the fairy drama adapted from "Mid-Summer's Nights Dream," the other performances marked on the programme are all very interesting, and worth the price of admission.

PITTSBURGH THEATRE.—Two performances—a matinee in the afternoon and the regular entertainment in the evening—will be given at this place of amusement. The Forty Thieves will be presented on both occasions, which will finish its represetation here. It has had a remarkably good run, and will doubtless attract immense audiences before its final withdrawal.

HAVERLY'S MINSTRELS.—This favorite troupe will open an engagement of three nights in our city next Tuesday evening. All the old favorities will be here, and the entertainment will be fully up to any which have heretofore given the troupe such a wide celebrity.

"Your Daughter Sings Finely,"

Were the words addressed the other day to a gentleman residing on the Allegheny Commons by a friend of his. "Which one is the sweet warbler, Sarah or Maria?" "Neither one of my daughters sing," replied the astonished pater familias. The friend insisted that he had heard a most thrilling and sympathetic voice in passing his house, when further expostulation ensued and which developed the fact that the gentleman possessed one of those lovely "Burdett" organs with the human voice (vox humana) stop, and which had been mistaken for the human voice divine. Indeed, similar mistakes have frequently occurred since the patented new "Carpenter's" human voice was bought and exclusively applied to the Burdett Organ. We have an agency in this city, (H. Kleber & Bro.,) where doubters can speedily be convinced of the truth of our assertion. In fact, any one who has ever listened to the beautiful tones of the Burdett would buy no other, even at half price. Messrs. Kleber & Bro., 122 Wood street, invite all to call and see them, whether purchasers or not.

An Unusual Announcement.

We have to-day an announcement of an unusual character to make, and one which will doubtless be appreciated and heeded by our readers. Mr. Charles C. Mellor, the well known music dealer, No. 81 Wood street, is about to remove to his new place of business on Fifth avenue, and desiring to open his new house with an entirely new line of goods, offers his pianos, organs and general musical goods at a grand closing out sale at cost. The high reputation of this house is a sufficient guarantee of the correctness of the advertisement which appears elsewhere, and we trust none of our readers will fail to embrace the opportunity presented for obtaining very decided bargains. The closing out sale commences at once, and will be continued till the middle of next month.

"What is it?"

To Purchasers.

Purchasers should always make it a point before making their purchases, no matter what their nature, to first ascertain an establishment of a reliable character, where the article they desire is kept for sale, and then it is their duty to learn where they can get the best article for the least money. Those in search of lace goods, trimmings, hosiery and gloves will find the establishment of W. W. Moorhead, No. 81 Market street, just the place to make their purchases. His stock is large and fresh, and he is daily receiving new goods from the Eastern markets. Prices at this establishment are put down to the lowest figure.

"What is it?"

Restauration.

Of the many first-class restaurants or dining saloons in the city there is not a single one which enjoys a higher reputation than the Continental, on Fifth avenue, next door to the Postoffice, of which our genial and accommodating friend, Mr. Holtzheimer, is the proprietor. The Continental is conducted upon the most approve plan, and its patrons may rely upon getting the best of everything they order prepared in a style which defys competition. Business men dining in the city will find the tables at the Continental provided with the best of everything in the market.

Ladies should not forget the opening of Sumner Millinery to-day at Warner's, 55 Fourth avenue, corner of Market street, up stairs.

Tobacco, Cigars and Smoking Paraphernalia, and Where to Purchase to Best Advantage.

Few houses in this community enjoy a fuller share of public confidence or better class of patrons than the favorably known wholesale and retail tobacco and cigar house of Mr. John Megraw, No. 45 Ninth, late Hand street. The trade directed to this house has steadily and gradually increased from year to year, till it has assumed vast proportions and conspicuously figures in the mercantile statistics of the city. The popularity of the house was not achieved in one single day or by one single business stroke, but by a careful system of trade, a steady continuance in fair and honorable dealings to establish a reputation, and, finally, by constantly keeping a large and superior stock on hands at most reasonable prices. Mr. Megraw, in order to meet the requirements of the trade directed towards him, has the largest facilities for keeping his various lines of goods fully up to the standard of the best and most extensive tobacco dealers in the East or South. His commodious salesrooms are stocked now with an almost endless lot of cigars of the most popular foreign and domestic brands, which offer very superior inducements to the trade or retail consumers. His plug tobacco, fine cut, chewing tobacco, smoking tobacco, pipes, meerschaums, tubes, pouches, and all the parpheranalia known to the user of the weed, are of first quality, and cannot elsewhere be obtained to as good advantage. We heartily commend Mr. Megraw to the patronage of our readers, and bespeak for him that large share of patronage which his complete, full and varied stock warrants, and his fair prices and honorable dealings should secure.

"What is it?"

"He Leaves a Wife and Several Children in Destitute Circumstances."

How often do we see this or a similar sad conclusion to the announcement of the death of some industrious mechanic who went forth to his daily toil in full health, and was brought home a corpse; or who lingered on a bed of suffering, made more horrible by the knowledge that death and utter poverty were approaching him and his little household together. And how often is it the terrible fact when no such announcement is made? Reader, are *you and yours exempt* from such a calamity? You cannot remain subject to it without shame, hardly without crime, when the remedy is within your easy reach, when two dollars a month, deposited with the Co-operative Life Insurance Company will secure your family the certainty of from $1,000 to $1,600 at your death We understand that the office of the Company, 128 Smithfield street, will be open this evening for the convenience of those who are employed during ordinary business hours. Go at once and make provision for those who are dependent on you.

Keystone Pottery.

Notwithstanding the recent advance in prices on Queensware in the East, Messrs. S. M. Kier & Company, proprietors of the Keystone Pottery, No. 363 Liberty street, continue to sell their excellent ware at the same low prices as heretofore. The ware manufactured by this firm is pronounced by competent judges to be equal, in point of strength, durability and finish to the best Liverpool ware, and is sold at less than one-half the cost of the latter. As an evidence of its superiority over earthen wares it is only necessary to refer to the rapidly increasing business of the firm. Dealers and purchasers should remember the place, No. 363 Liberty street.
